November 12, 2026

Good afternoon,

In this packet you will find the Proposed 2027 Budget, Reserve Schedule, Expense Explanations, the Maintenance Fee Schedule, and the Budget Approval Meeting Notice for the meeting to occur on November 30, 2026 at 6:00pm in person at the Beach Side Pub Room or via Zoom.

The annual budget is a financial planning tool designed to help the Association anticipate and prepare for the expenses of operating and maintaining the community throughout the upcoming year and preparing for capital projects in the years ahead.

The figures outlined in the budget are estimates based on current operating costs, anticipated expenses, vendor contracts, insurance premiums, maintenance needs, and planned projects. While every effort is made to provide accurate projections, actual expenses may vary throughout the year.

It is important to understand that the budget is a guide, not a definitive statement of what the Association will ultimately spend. Some expenses may come in below budget, while others may be higher than anticipated. Unforeseen repairs, changing material costs, and unexpected circumstances can also affect the Association's actual expenses.

The goal is to budget responsibly, maintain adequate funds, anticipate the community's needs, and make sound financial decisions that protect the Association's long-term interests.

The Board of Directors, with help from the Finance Committee, work to anticipate the most accurate expenses for the upcoming fiscal year. Many resources are utilized when drafting the budget, including 2026 expenses, contract rates, anticipated 2027 projects, etc. You will notice a modest increase to the budget to support an additional contribution to our Structural Reserves for the GAF beach side warranty re roofing project, a project through which the Association will capture a meaningful financial return in the near future.

While expenses generally consume our attention, we continue to be attentive to revenue. This year, the Association will collect approximately $25,000 by way of Estoppels, Condo Questionnaires, Rental Registrations, Amenity Cards, Mailbox Lock Replacements, etc.

Please take time to review this draft budget at your convenience and reach out to me with any questions you may have.

With Sincere Thanks,

SKolacz
